SECOND INFORMATION DISCLOSURE STATEMENT

Sir:

In compliance with the duty of disclosure under 37 C.F.R. § 1.56 and in accordance with the practice under 37 C.F.R. §§ 1.97 and 1.98, the Examiner's attention is directed to the documents listed on the enclosed Form PTO-1449. Copies of the listed documents, other than U.S. patent documents, are enclosed.

REMARKS

STATEMENT UNDER 37 C.F.R. § 1.97(e)

Each item of information in this information disclosure statement was first cited in any communication from a foreign Patent Office in a counterpart foreign application not more than three months prior to the filing date of this Statement.

COMMENT RE STATEMENT

Applicant understands from the MPEP that United States or other English language patent documents, included in a list of the family of patents corresponding to a particular patent cited in a foreign patent office communication, are to be construed as being cited by the foreign patent office for purposes of a statement under 37 CFR 1.97(e)(1). See MPEP 609.04(b)(V) (Rev. 7, July 2008), page 600-159, second full paragraph. Here, the cited U.S. patent documents, which are in the families of documents cited in the Japanese Official Action, were not themselves cited in the Japanese Official Action, and the Japanese Official Action is not understood to itself contain the aforementioned list. Nonetheless, Applicant understands that it is the Office's policy to construe 37 C.F.R. § 1.97(e)(1) to include English-language family patents whether or not such a list appears in the foreign patent office communication itself. Thus, Applicant has cited the U.S. patent documents and have made the statement under 37 C.F.R. § 1.97(e)(1). Favorable consideration in this regard is earnestly solicited.
